

Suggested Enrichment Activities

Art

This unique situation has given us all an opportunity to practice being mindful, patient and calm. The following art activities are suggestions to help you practice keeping your creative brain active. The suggested art materials to use are crayons, watercolors, markers, and pencils, but any materials you have are fine. Another suggestion would be to keep an art folder for all your creations. I would love to see what you're making. Email any pictures to yutkinsc@mersd.org. Take care and be well, I miss all of you. *Mrs. Yutkins*

| | Activity | Materials/Ideas |
|---|--|--|
| Students in Grades K-5 | Art Activity for Week 5 Art activity for Week 4 Art Activity for Week 3 Art Activities for Week 2 Art Activities for week 1 | <ul style="list-style-type: none">• Scissors/Glue• Markers• Paint brush• Paper• Water cup• Photos or magazine pictures of chosen subject matter. |
| Additional Ideas | Art at Home Making a SoulCollage® Card in 5 Easy Steps Rainbow Magazine Collage Zentangle The Artful Parent Deep Space Sparkle Packet | These are materials you can either draw from for additional activities. You can print pages or the whole packet and use it during the week. |
| Virtual Field Trips Art Contests | You can also do a virtual field trip to the World's Famous Museums: http://bit.ly/MEvirtualfieldtrip Student yard sign contest | First, select one of the museums. Second, review a museum and select the art to talk about with your child(ren). Ideas: <ul style="list-style-type: none">• Find a picture and recreate it!• Find and seek of patterns and materials• What do you see? Make a list of all the things you and |
