

Suggested Enrichment Activities

Art

This unique situation has given us all an opportunity to practice being mindful, patient and calm. The following art activities are suggestions to help you practice keeping your creative brain active. The suggested art materials to use are crayons, watercolors, markers, and pencils, but any materials you have are fine. Another suggestion would be to keep an art folder for all your creations. I would love to see what your making. Email any pictures to yutkinsc@mersd.org. Take care and be well, I miss all of you. *Mrs. Yutkins*

Art Activity Week 3 Picture Drawing with Magazine Cut Outs.

DESCRIPTION:

Students will use their imagination to create a completely funny, outrageous, and/or realistic picture that combines their drawings with a magazine cut out image.

MATERIALS:

Magazines,
Crayons
Colored pencils
White Paper
Glue

PROCEDURE:

1. Use discarded magazines to find pictures of objects, animals, people, or places.
2. Carefully cut around the pictures you choose, or have an older person help you.
3. Glue each picture separately on a piece of white paper.
4. Using colored pencils, crayons and/or markers add to the magazine picture that are glued on the paper.

EXTENSIONS:

1. **Make a Coloring Book:** Complete the magazine picture with a lined drawing in black marker. Leave it black and white. Put 10-15 pages together in a 3 ring binder. Create a colorful cover and give a title for your coloring book.
2. **Make an Eye Spy Book:** Draw and color your picture so realistically that the magazine picture blends in and is hard to find. Create a few pages and make it an Eye Spy book.
