

Library Activities Wk of 6/8/20

EVERYONE: It's not too late to send in your work! If you haven't been to the padlet lately, [check it out!](#) A big SHOUT OUT goes to Emma, Max, Kaleb, Zoey, Evie, Kepler and the others that sent in their work! Way to go!

[Send in your work!](#)

First Grade: How have you liked the Emperor Project so far? Which version of the story have you liked the best? Check out this [presentation](#) which will tell you more about the life of the author, Hans Christian Andersen. Read about the other talent he had - it's very impressive! Need inspiration for your Emperors' hat or flag? See pictures of past Emperor hats and flags.

The Burnham Library Summer Reading Kickoff! As many of you know, every year the Burnham Library kickoffs their summer reading program with a Root Beer Float Party. This year has to be different, but it can still be fun! Those families who [register](#) can participate in their root beer float kit curbside pickup on the 19th, our last day of school! April Wanner, the youth librarian, will be visiting the classes' Zoom meetings over the next two weeks to give you all the details. Thank you April!

Speaking of reading over the summer, next week I'll share the details of the **EES summer reading program**. Stay tuned to learn how you can win a Barnes & Noble gift card!

Keep the reading fun going by using [Hoopla](#) on the Burnham Library's website and checking out great reading podcasts like [Julie Andrews' Library](#) which I shared with you a couple of months ago. Listen to Julie and her daughter read some great picture books and check out links to authors and illustrators!

HEAR YE! HEAR YE! HEAR YE!

Mrs. Hardy is close to accomplishing her mission to have as many **library books** as possible returned by the 19th! Help me by rounding up any stragglers in your house, (look for the barcode sticker on the back that has our name on it) and pop them into the Burnham Library's Dropbox. Last Friday during the curbside pick up of personal items, we got 95 books back! Yahoo!
