

# Library Activities Wk of 4/6/20

## Kindergarten and First Grades:

PBS Learning Media has a great website for activities to do at home during the school closure. Remember how windy (and rainy) it was last week? Well here's an activity that teaches you how to make your own [pinwheel](#). How fast will it go?

First graders, remember how we talked about the design cycle when we were working with Legos? Here's a chance for you and your family to try your hand at the Cat in the Hat's [Design Challenge](#)! Send me pictures of your designs! I would love to see them!

## Second Grade:

I have ONE last call number matching activity for you! Altogether you should have seen your name. If I missed your name, please let me know! See below for the worksheet and the answers.

## Third Grade:

I've posted a second research project-related activity in the [technology classroom](#). Feel free to ask me any questions you have; I'd love to hear from you. How about your multiplication facts? Are they in good shape, meaning are they safely secured in your head? Check out the work these students did to help them learn their [times tables](#).

## Fourth & Fifth Grade:

How about a field trip to the New England Aquarium? You can take a tour of the aquarium without even getting wet! You can watch them [brush the seals' teeth](#), treat sea turtles in their [hospital](#) and find all kinds of [activities](#) to do at home.

## Reminder: Grades 3-5 Book Club

 We're feeling lonely in the book club! We could use some new members! Plenty of room! We're always more than 6 feet apart!

Answers to Call Number Matching #7: 1)d, 2)f, 3)a, 4)e, 5)c, 6)b

## Call Number Matching Practice #7

Name \_\_\_\_\_ Date \_\_\_\_\_ HR \_\_\_\_\_

Match the book and author on the left with its call number on the right.  
Don't forget: biography call numbers stand for the **subject** of the biography,  
not the author!
