

¡Bienvenidos! & Bienvenue! Week 14

It's hard to believe, but the end of the strangest (and simultaneously longest and shortest!) school year is upon us. Congratulations for making it through, however you managed! This year has been hard on all the families, teachers, and other school staff, but we made it! Enjoy your well-earned summer vacation!

I will be available by email for help during my online "office hours" from 10am-11am each weekday morning (carranchom@mersd.org)

Some Class Discussion Practice for Spanish- All Grades

Here is the link to our last class discussion [video](#) of the school year! Because it's the last week, we're talking about one of my most favorite cities- Ushuaia, Argentina! It's called the End of the World because it's the southernmost city in the world, the closest city to Antarctica. Watch the video and see if you can answer the questions like we do in class.

Interested in seeing more about Ushuaia? Check out these popular sites on Google Maps, just like we do in class!

Some Fun for Spanish Classes

At the end of the year, we usually do outdoor games in Spanish and watch some just-for-fun videos. We can't play recess games together right now, but we can watch some fun videos! Last year, the Hiho kids food tasting videos were extremely popular with the 4th (now 5th) graders. Since they loved them so much, I'm sharing them with everybody this year. Enjoy!

Class Discussion for French Grade 5

Here is a link to our last class discussion [video](#) of elementary school! We have done this together so many times and I'm sorry that we can't have our last one together! Since it's our last one, we're going to be doing my favorite place in the world to talk about- Paris, France!

Interested in seeing more about Paris? Check out these popular sites on Google Maps, just like we do in class!

[Eiffel Tower](#) Use the numbers on the side to move up levels

[Sainte-Chappelle](#) The 2nd most famous church in Paris- this was the chapel of the King of France
