'80s and '90s Hip Hop Playlist

Active Listening Challenge:

Underneath some of these hip hop tracks, I've linked to the older recordings they **sample**.

For the sampled tracks, fast forward to the times next to the link and listen to a few seconds.

Listen to the newer song again. Try to hear where the samples show up.

If you want to try mixing samples yourself, download [GarageBand](#) (free for iOS) Or [Bandimal](#) (\$4 for Android and iOS)

Experiment until you create something you like. Send me a video!
